

**MP HUSKY**  
CABLE TRAY & CABLE BUS

# Techtray

## New Boltless Quick Splice & Hanger

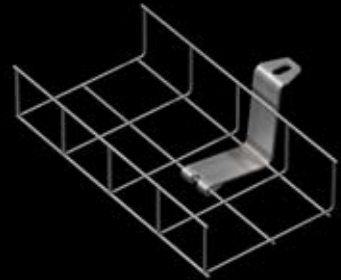

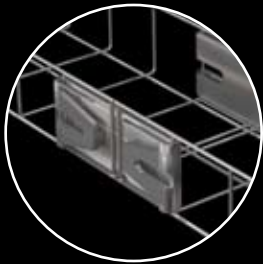

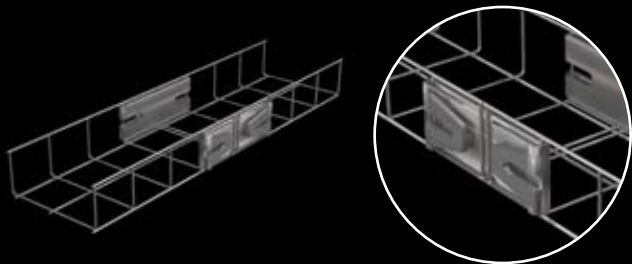

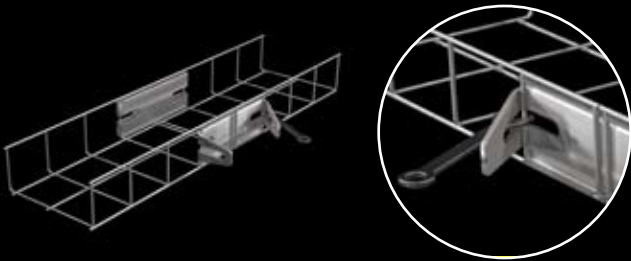

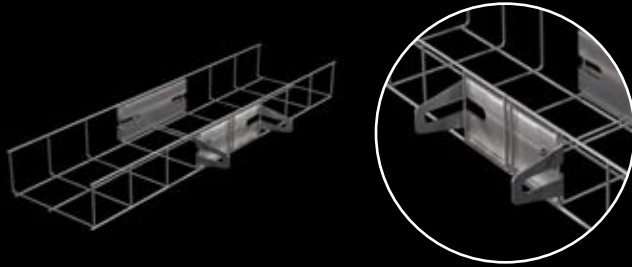

MP Husky's Smart Tab System is the fastest and simplest way to splice and support wire mesh cable tray. Since bolts are not required, there is no more fumbling with hardware or special tools to make splice connections or supports. All you need is a simple open end wrench or screwdriver. *Installation has never been this quick and easy.*

**Quick Splice** - The fastest boltless splice on the market. A simple open end wrench or screwdriver provides a strong, tight connection. *(Patent Pending)*

Part #QS

**Quick Hanger** - No bolts or hardware needed, just an open end wrench or screwdriver and you are hanging tray faster than ever. *(Patent Pending)*

Part #QH

## The Fastest Boltless Cable Tray Splice & Hanger!
